

The ICE invites you to a talk on:

“When Civil Engineers Need to Know About Diving”

**QUALIFIES
FOR 1 PDH**

By: James Clark
J F White Contracting Co

ABSTRACT: Engineers have occasional requirements for underwater inspection, construction, or remediation, and the selection of this specialized expertise should be made with care. This presentation will describe diving operations common in the U. S. northeast, the inherent risks associated with underwater work, and the responsibilities assumed by the Engineer.

Date and Time

Tuesday 4th March 2014

6:00pm for a 6:30pm start (1 hour lecture)

Venue

77 Water Street
New York, NY 10005

RSVP by Friday 28th February 2014
